

## Coronavirus COVID-19

### An important update from The Event Corporation LTD as at March 24th 2020

Due to the most recent announcements from the Government, we have sadly had to close all our branches of City Mazes and Play at Pins and postpone all Knockout Events.

Currently this is until at least April 20th but we will continue to follow government advice and update here as necessary and appropriate.

We are truly saddened by this, however we hope everyone is able to power through this hard time and come out the other side stronger.

Our thoughts are with all who are vulnerable at this time of crisis.

All bookings affected are being automatically postponed and will be put on hold in our system ready for you to rebook when dates become available. **You will not lose your booking.** Please contact us when we are permitted to re-open and you are ready to rebook and we can check availability at that time. Your booking ref will remain the same.

Our teams will be working safely in the background to ensure venues open, when able, stronger and better than ever before. Please understand that, like everyone this virus has affected our staffing levels and therefore we are also short staffed and the team members that are working are doing their very best to contact everyone and reply to all enquiries as quickly and clearly as they can.

Please stay safe and look after one and all. We thank you for your understanding and we look forward to welcoming you back in the future.

All the best, stay safe.

The Event Corporation Ltd
